

Ambre

Junior Wheelchair

The Ambre Junior Wheelchair has been designed with children in mind, encompassing freedom, fun and style with comfort. It's modern design options make it a wheelchair to be proud of with its integrated width and depth growth ability, the child and the chair can grow together, making it a true companion.

Telescopic cross brace

The Ambre Junior wheelchair can be optimised to the changing shape of the child without having to be replaced, ensuring a perfect and comfortable fit as they grow. This is due to the telescopic cross brace which allows the seat to be adjusted in width and depth. With the seat and backrest upholstery also allowing for quick and easy width adjustability, there is no need for additional parts!

Adjustable seat height and balance

This feature of the Ambre Junior self-propel model has been designed to improve the driving performance for the child as it allows the rear wheels to be mounted in multiple Centre of Gravity (CoG) positions and select from three different seat height options: 410, 435 and 560 mm. This ensures an optimal set up for propelling the wheelchair.

Configured for customisation

The wheelchair has been designed to allow the child to personalise their chair to meet not only their needs but also their style. Choose from a selection of soft or vibrant frame colours and then choose one of the 3 modern spoke guard designs. The range of accessories available on the Ambre Junior further enhances the customisation of the wheelchair with a range of front wheels, armrests, hangers plus more, available as optional extras.

Features and Options

Selection of spoke guard designs

3 modern spoke guard designs to choose from along with 6 frame colours.

Front wheel assortment

3 different types of front wheels available: ① 5" x 1" flashing solid tyre, ② 5" x 1 ¼" solid tyre and ③ 5" x 1" solid tyre.
